**PAPER STOCK ANGLE GUIDE**

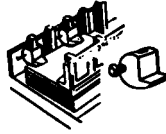

Cut corners off statements, tags, etc. at 45° angle. Use attachment (furnished) to cut diamond-shaped angles, triangles or any other angle. INSTANTSETTING - Place angle guide against stock cutter gauge and set cutter to necessary measure.

**Cat. # A-WG** Any Angle Guide.....\$84.60

**BOOK CLAMPS GARDNER**

Attach to back gauge of cutter to hold down folded or stitched edge of booklets, catalogs, pamphlets, pair.

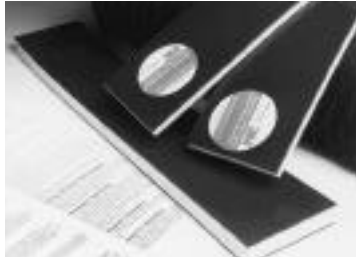

**Cat. # BN-22**.....\$24.00

Book Trimming Guides. Economy style. Fits on back gauge of cutter.

**3M MAGNETIC PADS**

**DURABLE CONSTRUCTION – SAVES TIME** – Just position the Mag Pad and start cutting. No tools needed. Stays put magnetically but removes easily. **SAVES MONEY** – The 3M Mag Pad leaves no clamp marks on carbonless papers or damage to top sheets of other pressure responsive stocks. **USE ANYWHERE** – It can be cut for exact fit for any cutter without any loss of magnetism. Comes in package of two 3" x 15" strips.

**Cat. # M-3M**.....\$32.80/pkg.

**BATES AUTOMATIC EYELETTER**

- Adjustable
- Loads 150 Eyelets
- Throat depth 2 1/2"
- Thousands in use

(Prices of eyelets shown below)

Where speed is desired and there is quality eyeletting to be done, this automatic eyeletter is absolutely in a class by itself. It feeds the eyelets, punches the hole, and crimps the eyelet in one automatic operation.

**Cat. # EY-B40** Model 40 eyeletter..... \$340.00

**SPINNET® DRILL SHARPENER**

*With Solid Carbide Cutting Head*

This precision sharpener has self-seating, lathe-type construction on heavy duty base and sharpens most brands of drills from 1/8" to 1/2"

**Cat. # DZ-R68M** DrillSharpener \$140.00

**Cat. # MSI-06** Replacement Cutting Unit 39.00

**UNIVERSAL DRILL SHARPENER**

Just tell us what type of paper drilling machine you have and we can supply our sharpener with the correct drill holder.

**Cat. # DZ-R68H** Universal Sharpener \$169.50

For a small additional charge we can supply a separate holder, or holders for Nygren-Dahly, Challenge, Lawson and many other drill cutters.

• Each additional head \$49.50 each

**POWER DRILL SHARPENER**

For use with Challenge drilling machines. We recommend the purchase of this sharpener for multiple spindle drills. You can sharpen several hollow drill bits to the same length for easier adjusting of the heads.

115 Volt, 60 Hz Motor.

**Cat. # DZ-R68P** Power Sharpener \$650.00

**Cat. # DZ-R68** ReplacementCutting Bit 96.00

**SHARPENING SERVICE**

We sharpen your dull hollow paper drill bits  
 LIKE NEW .....\$4.25 ea.  
 We also sell **used bits** for 1/2 the price of what new ones cost, call Perfection for availability.

**DRILL EASE LUBE STIK**

Reduces Friction • Prevents Burning

• Easy to apply like a crayon

**Cat. # DZ-R60**

\$2.25 ea.

12+ \$1.60 ea.

24+ \$1.45 ea.

**CHALLENGE HOLLOW DRILL SHARPENER**

A sharp paper drill is important to the best performance of your paper drilling machine. Keeping a drill sharp increases production – cuts down drilling time and drill breakage. **For clean, fast drilling and longer drill life.**

**Cat. # DZ-R64**

Sharpener \$75.00

**Cat. # DZ-R66**

Replacement Bit \$37.00

CR-24	1/2" cutting unit	80.00

## ULTRA SOFT EAR PLUGS deaden noise fast!

These ear plugs filter a (22dB noise reduction rating.) while allowing normal communication frequencies to pass. The pre-shaped core eliminates the need for forming for comfortable insertion and removal, with a natural air flow to relieve that "plugged-up" feeling. Individual pair packaging provides optimum hygiene.

Cat#	Description	Price
EP-5121	Wall Dispenser w/400 pr. plugs	\$126.95
EP-5120	400 pair of Ultra Soft Refills	.22/pr.

## SPINNIT® PAPER DRILLS BY LASSCO

**Bench Model  
(EBM-2)**

A rugged compact drill that provides high production at low cost. Equipped with 2" drilling capacity and transversing table for easy multi-hole drilling.

**Cat#** Price  
EBM-2 \$850.00

**Spinnit®  
3 Spindle Floor Model  
(FMM-3)**

This new Lassco 3 spindle drill offers a 2" drilling capacity, easy movable head design, rugged mechanical lift table which smoothly transverses in either direction. Built for ease in operation and maximum production performance, includes MS-1 Drill Sharpener.

**(FMMS-3)**  
Identical to FMM-3 except with stationary heads for drilling 3 holes, 4 1/4" on center.

**Cat#** Price  
FMM-3 \$3650.00  
FMMS-3 \$2850.00

## SYNTRON® VIBRATING JOGGERS

**Bin Type Jogger  
Model J-1**

The Model J-1 with single bin is perfect for use with small offset presses or duplication machines. The easy access single bin rack enables it to deaerate and align up to 1 1/2 reams of tightly packed copier paper, assuring automatic one-at-a-time feeding. The J-1 can handle paper forms ranging from the smallest cards to 8 1/2" by 14" legal size sheets. Weighing only 25 pounds, it can be easily moved wherever its jogging action is needed.

**Cat#** .....J1ST Price .....\$551.00

**Flat Deck Jogger  
Model J-50**

The Model J-50 a popular and versatile jogger, is equipped with a 14" x 20" or 17" x 22" flat hardwood maple deck. The unit's single-action vertical vibration will jog lifts of paper stock in sizes up to 17" x 22" and loads weighing as much as 50 lbs. Designed for bench or table work, this compact, space-saving jogger can be supplied with a portable stand if desired.

**Cat#** .....J50B-14 x 20 Price .....\$930.00  
**Cat#** .....J50F-17 x 22 Price .....\$930.00  
**Cat#** .....J50 STAND Price .....\$242.00

## CHALLENGE® PADDY WAGON® PADDING PRESS

- Easy Operation
- Large Capacity
- Self-aligning Gravity Load
- Fast Lock & Release Clamping
- High Production Padding
- Superior Quality
- Affordably Priced
- Portable

### Paddy Wagon Specifications

#### Physical Dimensions

Overall Dimensions .....30 x 30" (76 x76 cm)

Shipping Weight .....120 lbs (55 kg)

#### Padding Capacity

Maximum Pile Width.....23 1/2" (60 cm)  
Maximum Pile Height.....31" (80 cm)  
Pile Depth .....3" to 17+" (8 to 43+ cm)  
Fits easily through any standard 32" (80 cm) doorway

**Cat#** ..... PADWAG **Price** .....\$695.00

## PADDING PRESS

### The New Jiffy Giant

Now you can own the best padding press available for your shop, and spend far less than you'd expect! The Jiffy Giant provides sturdy, all metal construction. Handy for padding carbonless forms, scratch pads and note pads.

**Cat. # P-P18** .....\$160.00

- Simple sturdy metal construction.
- Wing screws tighten – by hand – no tools necessary.
- Tip back to assure that stock is always square.
- Measures just 19" W x 24" H x 13" D – takes up minimal amount of space.
- Holds paper firmly in place while you apply glue.
- Makes up to 30" pads.
- For ease of movement optional casters are available.
- For production efficiency buy several.

# BINDERY Stitching Wire, Adhesives, Pastes, Tacky Finger

## STITCHING WIRE 5 LB. SPOOLPRICING/10 SPOOLS PER CASE

### Pre-Lubricated

Lightly lubricated wire provides you with smoother running wire and less wear on your stitcher head.

### Low Tension Spooling

Our exclusive low tension spooling process provides you with smoother take off and reduces tangles.

# BINDERY Glues, Tesa Tape, Marking Tape, Static Eliminator, Static Tinsel

## HI-SPEED GLUE FOR ALLGLUING SYSTEMS

### PERMANENT ADHESIVE

This glue can be used in most all glue systems. It is most commonly used for the spine gluing of signatures.

Cat. #	Description	Unit	Price
33-9170	Permanent Adhesive	Gal.	\$30.35

### FUGITIVE CRODAAPEX ADHESIVE

This synthetic adhesive is ideal for use on coated stock and can be used in all types of gluing systems.

Cat. #	Description	Unit	Price
57-484	Fugitive Synthetic	Gal.	\$41.55

### FUGITIVE LATEX ADHESIVE

This glue is strictly used in only HHS pressurized glue systems or all other contact type systems such as Moll, Pafra, etc., it basically is used on hi-bulk uncoated stock & fibrous paper.

Cat. #	Description	Unit	Price
27LA.9006	Fugitive Latex Adhesive	Gal.	\$48.60

*Note: Fugitive means product can be opened with minimal tear damage to fiber of paper.*

### PRE-EXTRUDED HOT MELT DOTS ON A ROLL

Dots of removable adhesive with thousands of uses, packaged in a handy dispenser box for easy application.

**NO MORE STRINGYMESS!**

A clean, safe way to apply adhesive.

### TESABAND TAPE

When your rollers lose their grip, gray fold roller tape gives new life to grippless rollers. It is ultra thin and doesn't drastically increase surface diameter of rollers.

Cat. # TA-R34 Tesaband Tape  
3/4" x 27.5 yd. ....\$79.20 ea.

### MARKING TAPE for TAB Setting counters.

Cat. # TA-G1 Badger Marking Tape.....\$4.50 ea  
1" wide x 7" dia. Case of 30 rolls .....108.45 case

Call toll free **1-800-829-4815** and let us help you place your order, check the status of an existing order or help you solve a problem in purchasing your next pre-press or bindery related supply needs.

## IONIX STATIC ELIMINATOR

### Now Carbonless Stock Runs Like Bond & Coated Stock Runs like Offset!

A revolutionary patented in-line paper static eliminator that uses the air from your feeder's blower pump to eliminate static in your paper BEFORE it enters your press! No Jams!

Faster press speeds! Also works on folders, collators, sheeters, mailing machines and web sheeters!

**Easy to Install!**

Simply cut the blower line from your compressor which goes to your feeder and insert Ionix™ Static Eliminator. Now the air from your compressor will have a positive charge – eliminating static! Plus it's Environmentally Safe & **Guaranteed**

(Ask for details when ordering)

## BANDING PRESS

Solve storage problems, cut shipping costs, decrease shipping damage by compressing and banding paper, forms, computer cards into neat and compact bundles. Maintains up to 1500 lbs. of pressure. Constructed of high-strength cast aluminum alloy and steel.

**Cat. # BA-12** 12" Banding Unit.....\$320.00

**Cat. # BA-18** 18" Banding Unit.....\$355.00

## AUTOMATIC PAPER TAPE STRAPPING MACHINE

### AKEBOND OB-300

#### FEATURES

Broad range of functions. Gently but firmly straps from 30 to 380mm in width.

#### ■ User Friendly Design

Three types of operation, single acting and continuous operation and pause.

#### ■ Firm Strapping of any type of products.

Accommodates various product requirements. Strapping is performed by means of a three stage tightening adjustment to match the merchandise; firm for hard products and gentle for soft products.

#### ■ 15 Seconds "quick start"

You can start just 15 seconds after turning the machine on.

#### ■ Neat Joint

Makes a neat and secure joint through two-point heat deposition and knife cutting.

#### ■ High Safety

Features a safety design. When operation is interrupted for 10 minutes, the heater power automatically turns off.

#### ■ Simple Tape Replacement

The tape is easily loaded into the tape holder and inserted into the guide.

## DIGITAL ELECTRONIC COUNTER

### FEATURES OF BOTH COUNTERS

- No moving parts – all electronic circuitry for the utmost reliability
- Rugged impact resistant case
- Sensor head mounts anywhere on fold plate or register side guide – magnetic cord holder prevents machine from eating cord
- Unaffected by ambient light or dust – sensor uses reflected infra-red light to count passing sheets of paper. Nothing ever touches the stock being run. Sensor head mounts magnetically. Adapters are provided for aluminum fold plates.
- Will not falsely count printed areas or dark lines.
- No holes to drill – No tools needed
- Mounting post, clamp and sensor head included
- Quick and easy to install – Fits most printing and bindery machines

Maximum counting speed – More than 200,000 per hour

Maximum count: 999,999

Size: 5.5" H x 3.5" W x 2.5" D

Sensor Size: 1.5" x 1"

# LETTERPRESS Matrix, Channel Creases, Shim Tapes

## CHANNEL CREASING MATRIX

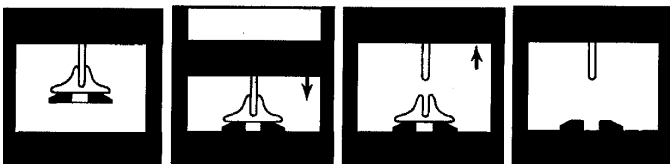

1. Place CHANNEL CREASING MATRIX locator over or between the creasing rule(s)
2. Peel off backing paper protecting adhesive. Put press on impression, completing one cycle. CHANNEL CREASING MATRIX adheres to the cutting plate.
3. As the press completes its cycle, the CHANNEL CREASING MATRIX is released from the die and remains firmly attached to the cutting plate.
4. The plastic locator is stripped away. The matrix is now ready to run in accurate register.

### ORDER GUIDE

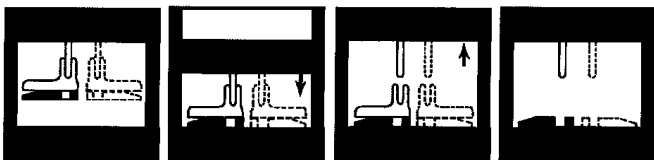

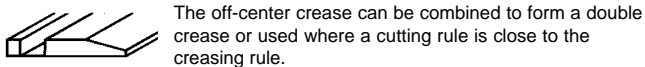

Available sizes of CHANNEL CREASING MATRIX are listed below. They are color coded and the range is listed per board thickness. State the number of boxes when ordering.

### CENTER CREASE, 48' PER BOX

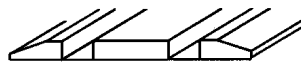

Cat. #	Size	Color	For Boards
CCM-32-1	#32	Orange	.006" & under thick
CCM-40-1	#40	Buff	.006"-.010" thick
CCM-50-1	#50	White	.010"-.015" thick
CCM-60-1	#60	Yellow	.015"-.020" thick
CCM-67-1	#67	Violet	.018"-.021" thick
CCM-75-1	#75	Green	.020"-.025" thick
CCM-83-1	#83	Rose	.026"-.029" thick
CCM-90-1	#90	Red	.025"-.035" thick
CCM-105-1	#105	Blue	.030"-.040" thick
<b>1-5 Boxes</b>	<b>6-11</b>	<b>12+</b>	
\$30.55/ea.	\$29.80/ea.	\$29.10/ea.	

### OFF-CENTER CREASE, 48' PER BOX

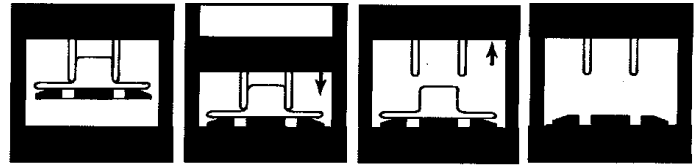

Cat. #	Size	Color	For Boards
CCM-40-OCB	#40	Buff	.006"-.010" thick
CCM-50-OCW	#50	White	.010"-.015" thick
CCM-60-10C	#60	Yellow	.015"-.020" thick
<b>1-5 Boxes</b>	<b>6-11</b>	<b>12+</b>	
\$30.55/ea.	\$29.80/ea.	\$29.10/ea.	

## DOUBLE CREASE, 28' PER BOX

Double crease matrix is used for multiple creases such as file folders and brochures. Center to center dimensions of the channels are 1/8", 3/16", and 1/4".

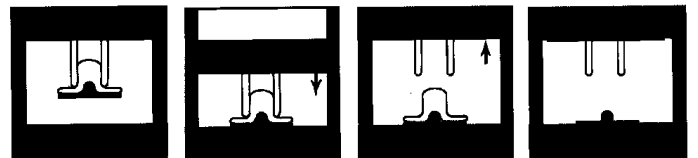

Cat. #	Size	Color	For Boards
CCM-50-DC50%	#50	White	.010"-.015" thick
CCM-50-DC3/16	#50	White	.010"-.015" thick
CCM-50-DC1/4	#50	White	.010"-.015" thick
CCM-60-DC1/4	#60	Yellow	.015"-.020" thick
<b>1-5 Boxes</b>	<b>6-11</b>	<b>12+</b>	
\$30.55/ea.	\$29.80/ea.	\$29.10/ea.	

All one-half inch locator above, is suitable for 2 point rule.

## REVERSE CREASE, 48' PER BOX (2 & 3PT) 28' PER BOX (4 & 6PT)

Reverse crease matrix acts as the male rule and is used to accomplish a crease in reverse. Two rules in the die act as the channel.

Cat. #	Size	Color	For Boards
CCM-75-R2G	#75	Green	Light Weight
CCM-105-R3B	#105	Blue	Medium Weight
CCM-120-R4B	#120	Brown	Heavy Board
CCM-200-R4B	#200	Brown	Heavy Board
CCM-200-R6B	#200	Black	A-Flute Board
CCM-250-R6B	#250	Black	A-Flute Board
<b>1-5 Boxes</b>	<b>6-11</b>	<b>12+</b>	
\$30.55/ea.	\$29.80/ea.	\$29.10/ea.	

Reverse Crease Matrix was designed to eliminate the need for running a job through the press twice. The most common application of reverse crease is for putting Z-folds or accordian folds in a product.

Take the question out of Matrix selection with our Matrix selector, it is free. Just contact Perfection.

## SHIM TAPES

SHIM TAPES allow rule height adjustments from .0015-.005". For cutting rule and creasing rule place directly over rule of die where extra height is needed.

Cat. #	Description	Length	Price
STS-C15	FIT-.0015 Thick	33 ft.	\$19.15
STS-C02	ACCU-SHIM 2-.002 Thick	33 ft.	10.50
STS-C05	ACCU-SHIM 5-.005 Thick	33 ft.	16.95

## PERFORATION BACKING

### SABER TOOTH PERFORATING RULE .909 High

\*FOR BEST RESULTS we recommend that our specially-made perforating and cutting rule be used with Saber Tooth Backing. Under type-high, it compensates for the thickness of the backing, eliminating makeready. Saves the rollers, and it costs no more than ordinary rule. Backing 15 ft. Rolls.

Cat. #	Item	Price
S-701	1/8" Saber Backing	\$8.75/roll
S-702	1/4" Saber Backing	8.75/roll

### PERF-A-BASE 40 ft. coil (glues to tympan).

## PRINTERS LINE GAUGES

**611-C** This is a 6" pocket ruler that comes with a clip. It has a pica/half-pica scale on the front top and inches graduated in 16ths on the bottom. On the back top edge there is a point scale and on the bottom a metric scale. The start is flush on this useful tool.

Cat. #	Rule # & Length	Price
LG-65	611C-6"	\$3.50

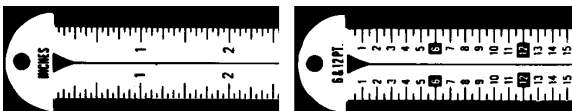

**612** This two-sided ruler comes in 6", 7", 12", 18" & 24". The front has 6 & 12 point and inches (16th) while the back has 6 & 12 point and agate lines.

Cat. #	Rule # & Length	Price
LG-06	612-6"	\$6.75
LG-07	612-7"	6.75
LG-10	612-12"	6.95
LG-15	612-18"	8.95
LG-30	612-24"	11.95

**612-A** Two-sided ruler in 12" only. The front has 6 & 12 point and 8 point marks while the back has inches (16th) and 10 point scales.

Cat. #	Rule # & Length	Price
LG-32	612A-12"	\$6.95

**612-B** Two-sided ruler in 12" only. The front has inches left and right and the back has 6 & 12 point left and right.

Cat. #	Rule # & Length	Price
LG-20	612B-12"	\$6.95

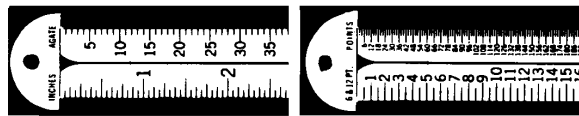

**612-C** Two-sided line gauge in 12" only. The front has Ciceros and metric while the back has picas and inches.

Cat. #	Rule # & Length	Price
LG-21	612C-12"	\$6.95

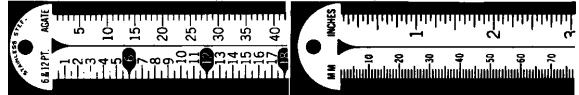

**612-E** This line gauge is again two-sided and only comes in 12". It has picas & inches on the front and metric and agate lines on the back.

Cat. #	Rule # & Length	Price
LG-23	612E-12"	\$6.95

**612-F** Another very popular two-sided ruler in 12", 18", & 24". The front has inches & agate line markings while the back has 6 & 12 point (picas) & points.

Cat. #	Rule # & Length	Price
LG-24	612F-12"	\$6.95
LG-25	612F-18"	8.95
LG-26	612F-24"	11.95

**612-G** This two-sided ruler is in 12", 18", & 24" lengths. The front has 6 & 12 point and agate lines and the back has millimeters and inches.

Cat. #	Rule # & Length	Price
LG-27	612G-12"	\$6.95
LG-28	612G-18"	8.95
LG-30	612G-24"	11.95

**612-H** Two-sided 12", 18", & 24" ruler. Has 6 & 12 point on the front left and inches on the right. Back has metric & inches.

Cat. #	Rule # & Length	Price
LG-32	612H-12"	\$6.95
LG-34	612H-18"	8.95
LG-36	612H-24"	11.95

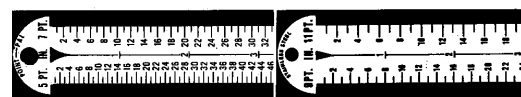

**614** Two-sided ruler in 12" only. The front has 6 & 12 point and inches (16ths) while the back has 8 & 10 point.

Cat. #	Rule # & Length	Price
LG-38	614-12"	\$6.95

**614-A** This 12" ruler is identical to the 614 above except the front has 2 and 12 point with inches. The back is the same.

Cat. #	Rule # & Length	Price
LG-39	614A-12"	\$6.95

**614-B** This two-sided 12" ruler consists of all point markings. The front has 5 and 7 point and the back has 8 and 11 point.

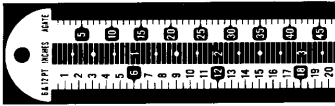

Cat. #	Rule # & Length	Price
LG-40	614B-12"	\$6.95

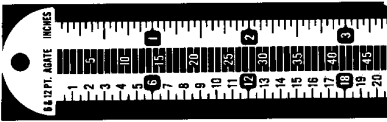

# LETTERPRESS

Line Gauges, Micrometer, Thickness Gauge, Magnifiers, Soap

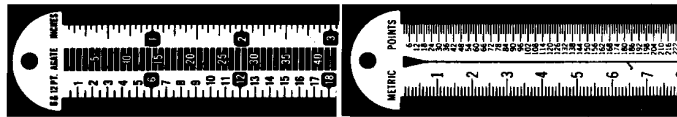

**712** This ruler is one sided and comes in two sizes: 12" & 18". The left scale is in 6 & 12 point, the middle is inches, and the right has agate lines.

Cat. #	Rule # & Length	Price
LG-42	712-12"	\$5.95
LG-44	712-18"	7.95

**713** Another one-sided ruler in 12" & 18". The left has 6 & 12 point, the middle has agate lines and the right is in inches.

**713-2** This two-sided ruler is available in 12" & 18". It has three markings on the front: 6 & 12 point, agate and inches. The back has only two: metric and points.

Cat. #	Rule # & Length	Price
LG-50	713/2-12"	\$6.75
LG-52	713/2-18"	8.95

## DIAL MICROMETER

This fine quality measuring tool is perfect for the professional who needs precision on the job. The frame is precision cast, aluminum alloy contoured to fit comfortably in your hand. Dial has sharp, well defined graduations for unmistakable direct readings through clear, unbreakable crystal. The spindle moves in very precise bearings, so the flat, .250" diameter contacts maintain parallelism accuracy. Complete with padded carrying case.

**Cat. # MX-252** .....\$193.15

## ENCO DIAL THICKNESS GAUGE

Measure paper, film, flatstock.

- 0 to 0.400" range.
- 0.001" graduations.
- 1.0" throat clearance.

**Cat. # MX-254**.....\$86.50

## LINEN TESTER 6-POWER

Precision made pocket magnifier with fixed focus glass. Uniform and precise 6-power enlargement.

**Cat. # LL-387**  
Complete with case  
\$10.90

## MAGNIFIER

These are the most popular style magnifiers in the graphic arts field and are ideal for close examination. The Achromatic three element lens systems assures a clear sharp image from the center to the edge of the wide flat field. The locking focus is adjustable. They come with a vinyl case.

**ANTI-OFFSET POWDERS**

Electro Sprayer powders are specially processed so that particle adherence between the starch granules is practically eliminated. Regardless of your ambient humidity, the powders will not cake or clog. This means that Electro Sprayer powders will always be free flowing; less build-up on tubes or nozzles; and less dropping on the sheet or web. This free flowing quality assures you of even powder dispersion for maximum offset production.

Cat. #	ESS #	Micron Size	Unit/Price
SP-29	29	15-20	10 lb./29.65
SPX-29			50 lb./78.72

Very fine powder for use on smaller presses with lower piles. Ideal on smooth stock and light paper. Leaves smooth finish.

Cat. #	ESS #	Micron Size	Unit/Price
SP-35	35	20-23	10 lb./29.26
SPX-35			50 lb./78.72

Most popular powder for regular and coated label paper stock. For use on medium size presses with medium piles.

Cat. #	ESS #	Micron Size	Unit/Price
SP-50	50	24-27	10 lb./30.61
SPX-50			50 lb./85.08

Medium fine powder recommended for heavier stock like label, book covers and light carton. Ideal for use in film packaging and heavy ink/varnish coverage.

Cat. #	ESS #	Micron Size	Unit/Price
SP-65	65	34-38	10 lb./31.36
SPX-65			50 lb./87.79

Medium powder is recommended for heavy ink/varnish coverage on large presses where stock is piled to full loads. Generally for stock smooth on one side.

Cat. #	ESS #	Micron Size	Unit/Price
SP-75	75	50-55	10 lb./33.59
SPX-75			50 lb./89.74

A course powder for folding carton work with full loads, uneven stock on both sides. Sulfite board, SBS, ice cream and cereal cartons.

**PLASTIC PILE SEPARATORS**

3 – Sizes for All Presses

- Give accurate leveling of stock pile
- For Feeder End to assure positive pickup
- For Delivery End to assure positive pickup

Assure level stock pile for feeder suckers. Having a longer taper than wooden wedges, they permit closer adjustment and prevent misses and dragging, folding under, etc.

- (A) 8-inches long, wide with low angle of raise.  
Cat. # PR-A..... \$4.90/ea.
- (B) 6-inches long, narrow with high angle of raise.  
Cat. # PR-B..... \$2.40/ea.
- (C) 4¾" long, medium width, low angle of raise.  
Cat. # PR-C..... \$2.55/ea.

**SPRAY POWDERS**

■ **Anti-Static Control** - An additive minimizes powder from collecting inside hoses and connectors. No other spray powder offers this formulation. This additive enables press operators to spray less powder with even distribution onto each sheet, and minimizes clogging in the powder system.

■ **Quality Control** - The consistency of the micron range is 20-23 for general purpose printing. No other powder manufacturer screens powder to assure this range of quality.

■ **FDAApproved - Airtech®** powder has passed government tests required for FDA certification and is guaranteed against health risks ensuring press operator safety.

■ **Powder Packets** - All Airtech® powder is individually packaged in 5 ounce bags. This packaging makes it easy to refill powder jars, and prevents moisture, oil, dirt and dust from contaminating the powder.

Cat. #	Description	Price
SPX-A25	Spray Powder, 5lbs (16-5 oz. bags) 25 micron	\$25.00/box

**PRESS ROOM GLOVES**

PVC gloves are excellent for the really tough jobs. PVC is compatible with most chemicals; acids, caustics, alcohols and solvents. These blue gloves are 12" long and are of excellent quality.

Cat. # GP-611..... \$6.05/pr.

**TEXTURED DISPOSABLE GLOVES**

These gloves are made of unusually soft and pliable virgin polyethylene that are chemical resistant, also textured to provide a more positive grip when wet. Are cooler to wear for long periods of time. The gloves come in a pop-up dispenser box. (100 per box) Large Size

Cat. GP-8678..... \$12.95/box

**MULTI-LAMP**

Adjustable Goose Neck Lamp basically designed for delivery units on small Ryobi presses.

Cat.#	Description	Price
VL-18PH	Delivery Lamp (Gray)	\$31.65

**FAST-ALIGN RULER**

The Rules Have Changed

The **FastAlign Ruler** is a revolutionary innovation in printing make ready. This hand-held clear plastic ruler has a unique layout grid that makes setting up a job quick and easy. Just slide a printed sample into a **FastAlign Ruler** and immediately see if it's straight, centered and in position. It's like having a hand held T-square and light table at your press.

Cat.#	Description	Size	Price
RU-S	Small	4" x 13"	\$19.95
RU-L	Large	6" x 19"	40.00

**VERASORB™ ABSORBENT SOCKS**

- Keeps plant clean & safe
- Quick, easy way to clean up leaks & spills
- Absorbs up to 10 times its weight in fluids
- Contains no airborne particles that could damage or scratch plates, rollers, or press equipment.

Keep your plant clean and safe. Verasorb Absorbant Socks are a quick and easy way to clean up all types of leaks and spills. These extra-absorbent, micro capillary action socks are designed to absorb an enormous amount of fluids.

Cat. #	Description	Price
VAS-38	3"x38" Packaged 24 socks	\$44.20/case
VAS-48	3"x48" Packaged 24 socks	58.90/case

# RAPIDTEC

## IMAGEMASTER BLANKETS

A premium compressible blanket for sheet or web fed presses. The blemish-free surface is compounded to allow excellent print fidelity and quick release to enhance sharpness. The carcass is constructed to ensure minimum stretch and maximum resistance to solvents and smashes. Recommended for all paper substrates.

## PRE-CUT DAMPENING COVERS

If your needs are for pre-cut A-TEX or Uni-Damp covers to fit Multilith, Davidson, ATF Chief, Gestetner, AB Dick, Diddi-Glasser, Hamada, Itek and Ryobi duplicator presses - these covers feature drawstrings at both ends. For larger presses the covers are sewn and fitted with a drawstring at one end only.

When ordering please specify make and model of press, choice of material, and if you prefer a form, ductor or set.

Contact **PERFECTION** for price and availability.

## ORIGINAL(O.E.M.) RYOBI TIE-ONS For RYOBI 3302, 3200 MCD

New Moll covers out last, out perform all others. Try them once and you will never settle for anything less.

DH-RSD	5522-52-343	Ductor	26.20

## VERATEC

### Red-1 Cut Shrink Covers

This unique fiber construction guarantees a controlled uniform fit that firmly locks the cover onto the roller without pinching down the roller ends.

Red-1 shrink material is tightly knit using only through filament synthetic yarns, this insures lint-free performance. The dense surface controls moisture and provides greater control of the ink/water balance.

### Press Make/Model

ATF Chief	15, 115, 215, 17, 117, 217, 1014, 1015
Davidson	241, 251, 301, 400, 500 Series

**Base-Line** Pre-ruled masking sheets are printed one-up on oversized stock, then trimmed with precision. So there is no image spread or trimming deviations. When it comes to paper stock, coating quality and sheet to sheet registration, Base-Line masking sheets are consistent from package to package, order to order.

**CLEAN UP SHEETS - BASE LINE**

- Tough bleached Kraft construction
- Excellent solvent-ink absorption
- Wet strength fibers
- Reduced lint-picking
- A non-calendered surface
- Two-side usage
- Fits all duplicator presses

Prices are per package of 100

CY-AB	1/Pt. Bottle Cylinder Cleaner	\$12.70

# PRESS Replacement Parts, Suckers, Flat Suction Discs

- 

**1-KLUGE**, paper suckers. Red or gum rubber.  
**#1 (Rubber)**..... \$4.20/doz.

---

- 

**1p PLASTIC SUCKER**  
 Longer Life  
**#1p** ..... \$4.60/doz.

---

- 

**1a-KLUGE**, narrow margin sucker, very handy in tight places. Red or gum rubber.  
**#1a (Rubber)**..... \$7.20/doz.

---

- 

**2-KLUGE**, card suckers. Red or gum rubber.  
**#2 (Rubber)**..... \$4.20/doz.

---

- 

**3-KLUGE**, carton suckers. Red or gum rubber.  
**#3 (Rubber)**..... \$7.20/doz.

---

- 

**4-UNIVERSALTIPS**, light duty C & P, Giant, Web, Chief.  
**#4 (Rubber)**..... \$7.20/doz.

---

- 

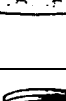

**5-UNIVERSALTIPS**, heavy duty C & P, Giant, Web, Chief.  
**#5 (Rubber)**..... \$7.20/doz.

---

- 

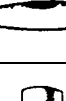

**6a-MACEYCOLLATOR**, cardboard Harris pickup sucker for cardboard.  
**#6a** ..... \$7.20/doz.

---

- 

**7-HARRIS** old style Giant, Web, chief, Harris for cardboard. Gum rubber or black.  
**#7 (Gum Rubber)**..... \$7.20/doz.  
**#7 (Black)**..... \$8.40/doz.

---

- 

**8-HARRIS** old style Giant, Web, Chief, Harris, C & P, for paper.  
**#8** ..... \$7.20/doz.

---

- 

**9-MILLER** Simplex, Major. Southworth envelope press suction feed. Fits 1/4" tube. For paper.  
**#9** ..... \$7.20/doz.

---

- 

**10-MILLER** Simplex, Major for cardboard. Gum rubber or black.  
**#10 (Gum Rubber)**..... \$7.20/doz.  
**#10 (Black)**..... \$7.20/doz.

---

- 

**11-HARRIS 90 ELB**, fits most presses. Mann, Macey Collator and Stitcher. 6E7-paper. 6E8-cardboard. HTB Miehle feeders.  
**#11 (6E7)**..... \$7.20/doz.  
**#11 (6E8)**..... \$7.20/doz.

---

- 

**12-HARRIS, 1361 LTN** fits most presses, for paper. Gum rubber or silicone.  
**#12a Gum Rubber** ..... \$7.20/doz.  
**#12b Silicone** ..... 15.00/doz.

- 

**13a-MIEHLE CS3122 FEEDER**, Super-Chief light forwarder, Miller, Didde Glaser Collator, for paper.  
**13b-MIEHLE CS3124 FEEDER**, Super-Chief heavy forwarder, Dexter, Giant, for cardboard. Both fit Ebco presses.  
**#13a** ..... \$17.40/doz.  
**#13b** ..... \$17.40/doz.

- 

**14-MIEHLE CS427 FEEDER**, Farrington Collator, Giant, Web, Chief, for paper.  
**#14** ..... \$7.20/doz.

- 

**15-MIEHLE CS1026 FEEDER**, Giant, Web, Chief, for cardboard.  
**#15** ..... \$7.20/doz.

- 

**15a-MACEYCOLLATOR**, Harris pickup sucker for paper.  
**#15a** ..... \$7.20/doz.

- 

**16-C&P, RICE**, Kluge "D" delivery, for paper and light cardboard.  
**#16** ..... \$7.20/doz.

- 

**17-KLUGE**, for narrow margin work. Use on feeder or delivery.  
**#17** ..... \$9.00/pr.

- 

**18-KLUGE**, Same as #17 Rubber disc 19K added for cardboard.  
**#18** ..... \$9.00/pr.

- 

**19-FLAT RUBBER SUCTION DISCS** Kluge (K), Heidelberg (H), Hawes (Ha), others (send sample).  
**#19 H**..... \$1.60/doz.  
**#19 AB Dick 1/2"**.....\$1.20/doz. **#19 Ha**..... \$1.60/doz.  
**#19 AB Dick 3/4"**.....\$1.60/doz. **#19 W**..... \$1.60/doz.  
**#19 K**.....\$1.60/doz. **#19 RZ** ..... \$1.90/doz.

For special sizes when ordering, specify width, diameter of hole, and thickness of disc.

**#54c** ..... 22.50/ea.

**55-MF MIELE FEEDER.**  
 Pickup rubbers for MF Miehle feeders and ATF Super Chief.  
**#55** ..... \$24.00/doz.

**56-MF MIEHLE FEEDERS.** MF 3336 and packaging machines. Fits 1/2" tube. For light stock. Gum rubber or Neo.  
**#56 (Rubber)** ..... \$15.00/doz.  
**#56 (Neoprene)** ..... 17.40/doz.

**57-HARRIS 1108**, for heavy stock. Fits 5/8" tube.  
**#57** ..... \$15.00/doz.

**58-CS-11398** Miehle Stream feeders, packaging machines. Fits 1/2" tube-1-3/8" across. Occasionally replaces 3122, 3123, 3124.  
**#58 (Gum Rubber)** ..... \$15.00/doz.  
**#58 (Poly)** ..... 21.00/doz.

**59-HARRIS 956 ELB**, for light stock. Fits 5/8" tube. 1 3/8" across.  
**#59** .....\$16.20/doz.

**60-MIEHLE FEEDERS** – MF 3558 packaging machines. Super Chief Tissue Sucker fits 1/2" tubes 1" across. For light stock. Gum rubber or Neo.  
**#60 (Gum Rubber)** ..... \$16.20/doz.  
**#60** ..... 17.40/doz.

**61-HARRIS 391 ELB** for heavy stock. Fits 5/8" tubes. 1 3/8" across.  
**#61** ..... \$12.00/doz.

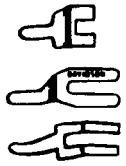

**62-CS-357** for CS Miehle feeders. 1 1/4" across.  
**#62** ..... \$12.00/doz.

**63-SHERIDAN**, and other collators with 1/8" tube.  
**#63** ..... \$6.60/doz.

**64-MIEHLE FEEDERS, K-1196.**  
**#64** ..... \$6.00/doz.

# PRESS Replacement Parts for Kluge, Miehle, C & P, Xacto Knife, etc.

**65-SHEET SEPARATORS** (Cat whiskers)  
For small offset presses. Specify press.  
Multilith, Hamada, Davidson, Chief, Ryobi-  
Itek, Komori, or Fuji.

**Multilith, Hamada, Davidson**

- #65 Brass .....\$4.25/doz.
- #65 Bronze .....5.00/doz.
- #65 Chief .....5.00/doz.
- #65 Ryobi .....8.00/doz.
- #65 Komori or Fuji .....9.00/doz.

**66-A.B. DICK** molded sucker. For all presses  
with 1/4" bottom tube.

- #66 ..... \$3.00/doz.

**67-HARRIS** polyurethane for heavy stock. Fits  
5/16" tube. Occasionally replaces 59 and 61. 1 3/4"  
across. Equivalent to 3361-LTY.

- #67 ..... \$21.60/doz.

**68-HEIDELBERG** cylinders. Cup shape  
prevents snap-back.

- #68 ..... \$6.00/doz.

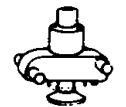

**69-GRIPPER BOLTS**, for C&P, Kluge, or  
Kluge D. Specify press. Sold in pairs.

- #69 ..... \$3.75/pr.

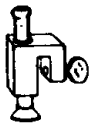

**70-RYOBI/ITEK**, telescoping sucker. Comes  
with #19R Discs.

- #70 ..... \$14.00/ea.

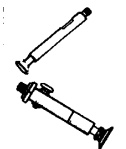

**71-MIEHLE VERTICAL**, telescoping sucker for  
cardboard & envelopes. Fits existing shoe.  
Comes with #30A vacuum valve and #19K discs.

- #71 ..... \$35.00/pr.

**72-MIEHLE VERTICAL**, telescoping sucker.  
Comes with #19K discs. For difficult and wavy stock.

- #72 ..... \$35.00/pr.

**73-A.B. DICK**, telescoping sucker. Comes with  
#19K discs. For difficult and wavy stock.

- #73 ..... \$12.00/ea.

**73p-A.B. DICK**, plastic telescoping sucker with  
shut-off valve. Comes with a #66 sucker.

- #73p ..... \$5.50/ea.

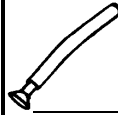

**74-A & B SET- MULTILITH or HAMADA**,  
telescoping suckers. Uses #19K discs. For difficult  
and wavy stock.

- #74 ..... \$45.00/set.

**74-C NEW STYLE MULTILITH**, telescoping  
sucker. 1250-1250W and 1850. Comes with #19K  
discs.

- #74c ..... \$14.00/ea.

**75-CHIEF 15 & 17** telescoping sucker. Uses 19K  
or 19-AB Dick Discs. For difficult and wavy stock.

- #75 ..... \$28.00/pr

**76-Mueller** sucker for collating and gathering  
machines (a) Red (b) Black.

- #76a Red ..... \$3.85/doz.
- #76b Black ..... 3.85/doz.

**77-Mueller** green sucker for collating and  
gathering machines.

- #77 ..... \$3.60/doz.

**78-HAMADASTAR**,sucker for printing press.

- #78 ..... \$9.00/doz.

**79-ASTRO and SANDMAR** envelope and sheet  
feeders. Specify medium or heavy.

- #79 Medium ..... \$7.80/doz.
- #79 Heavy ..... 7.80/doz.

**80-ATF-Commander 29** Speiss feeders,  
Heidelberg. For thin stock.

- #80 ..... \$21.00/doz.

**81-KLOCKNER 18092-1** packaging machines.  
1 1/8" across, 1/2" high. Black, Red or Blue or Tan.

- #81 All Colors ..... \$18.00/doz.

**82-RYOBI**, Ryobi-Itek.

- #82 ..... \$6.00/doz.

**83-Heidelberg GTO** offset presses.

- #83 ..... \$4.20/doz.

**85-PLASTIC SUCKER**, without hook for toys or to  
hand window display.

- #85 ..... \$2.00/doz.

**86-KLOCKNER 18092**, packaging machines.  
1 1/2" across, 3/4" high. Black, Red, Blue, or Tan.

- #86 ..... \$21.00/doz.

**88-HAMADACK 02-77**, printing presses.

- #88 ..... \$12.00/doz.

## NO. 1 XACTO KNIFE

- X3001-No. 1-Xacto Knife.....\$ 3.65
- X11-Package of five blades ..... 2.55
- X811-Package of 100 blades..... 32.45

**RTF 1648 MIEHLE TF and other FEEDERS**, for heavy cardboard or sheet metal 2 1/8" high, 2 1/2" across. Fits 3/4" OD tube or 1/2" pipe. Gum rubber or Neo.

- RTF 1648 Gum rubber..... \$25.00/doz.
- RTF 1648 Neoprene..... \$31.00/doz.

**TELESCOPING SUCKER**, for ATF Chiefs except Super Chief & Chief 15. Used with flat disc 19W.

- Part E..... \$10.00/ea.

**FEED SUCKER BLOCK**, for Chief 20,22,29 Presses. Convenient thumb screw for adjustment. Holds part E.

- Part F..... \$10.00/ea.

**301-PAPER STOP DEFLECTOR**, clear rigid plastic. Equivalent to Chief M-1-184.

- #301..... \$14.00/ea.

**302-WRENCH**, open end. Equivalent to Chief special wrench. W2155 x 22.

- #302..... \$7.00/ea.

**303-CHIEF 15-17 GRIPPER**, light and flexible.

- #303..... \$5.45/ea.

**DRILL ADAPTOR** – If you want to drill paper with a standard wood or metal drill – use this Drill Adaptor and Style D Hollow Drills.

- Adaptor..... \$30.00/ea.

**HS BOYD PRODUCT INFORMATION**

**Standard Score**

HS BOYD #827 Scoring blades for paper and light-weight card stock have a blade height of .0155 inch and are effective for: index weight card stock, all paper-weighted stock and all light-weight card stock up to 2-ply index weights.

Card stock #827-3 scoring blades with a blade height of .024 inch are suggested for: all coated stock up to 10 to 12 points, enamel stocks, cast coated paper and 80 pound cover stocks.

(These scoring blades are specifically designed to decrease the likelihood and amount of cracking associated with scoring on most coated and heavy enamel stocks.)

**Special low & High Scoring**

HS BOYD scoring blades are available from .0125 inch to as high as .029. Generally, the lower blade heights work well on light-weight stocks – with the higher blades effective for: coated paper above 12-point, heavier enamel or cast coated stock & heavier cover stocks.

**HS BOYD LITHO-PERF On Press**

- PERFORATING
- SCORING
- SLITTING
- PUNCHING

Litho-Perf rule is a thin flexible steel band which has precision made cutting teeth along one edge. It is designed to be applied to the impression cylinder of an offset press. Packed in convenient dispenser box with full instructions and tape which requires only a few minutes to set up.

**LITHO-PERF/SIDE-SERIES**

Perforating product that offers high quality performance. Special blade heights are available on request.

LITHO PERF					
Cat. #	Length	Teeth	Stock	Height	Price
LP-810	20'	8	Paper	.019	\$39.50

INK PR	12 oz.	\$ 5.60
	12+	4.80

## CAMERA & PRESS PRODUCTS

### ELECTROSTATIC TONER

■ A premixed liquid toner of a density highly suitable for the Itek® and Iwatsu® families of platemakers.

Cat. #	Description	Gallon	Price
ES-W2	W-Toner	Quart	\$ 12.80
		6+	12.03

### ELECTROSTATIC DISPERSANT

■ For use in adjustment of toner intensity in wet toner systems. Has the lowest evaporation point of all domestic dispersants.

Cat. #	Description	Gallon	Price
ES-D2	Dispersant	Quart	\$ 4.20
		6+	3.96

## **E** ROLLER CLEANER

Cleans and rejuvenates hardened rubber rollers.

Cat. #	Unit	Price
R-200	13 oz.	\$12.50
	12+	11.04

## **F** SPRAY ADHESIVE

For lay-outs, display assembly, labeling, etc. Creates temporary or permanent bond.

Cat. #	Unit	Price
SP-166	16 oz.	\$5.50
	12+	4.70

## **G** ANTI STATIC SPRAY

Eliminates static any place it may generate.

Cat. #	Unit	Price
ST-X2	14 oz.	\$ 5.05
	12+	4.15

## **H** SILICONE SPRAY

Reduces friction, stops sticking and binding.

Cat. #	Unit	Price
SL-946	11 oz.	\$ 4.15
	12+	3.40

Lubricates, prevents Rust and corrosion on metal surfaces, dries fast with no oily film.

Cat. #	Unit	Price
SL-945	11 oz.	\$ 4.60
	12+	3.90

### SELF-CLOSING DISPENSING CANS

■ Dispenses small amounts right on the work. Spill-proof, opens by finger pressure, closes automatically. Red non-metallic brass nozzle.

Capacity	Cat. #	Price
1-Quart	JB-14010	\$30.60

**SAFETY CANS**

- For safe handling and storage of flammable liquids
- For positive fire prevention at lower insurance rates
- Approved, individually labeled and numbered by Underwriter Laboratory.

Capacity	Cat. #	Price
1-Quart	JS-10101	\$36.65
½-Gallon	JS-10201	26.80
1-Gallon	JS-10301	30.00
2-Gallon	JS-10501	31.95
5-Gallon	JS-10801	35.00

Fire-tested high density polyethylene safety cans. FM approved, UL listed, 2-qt. thru 5-gal. capacities.

**PLUNGER CANS**

- The best way to handle flammable liquids used in "sponging" and cleaning operations. Pushing down on pan pumps liquid into pan to moisten sponge or rag. Surplus liquid immediately drains back into can.

Capacity	Cat. #	Price
1-Pint	JP-10008	\$35.40
1-Quart	JP-10108	37.90
½-Gallon	JP-10208	39.00

Approved plunger and bench cans, wash and dip tanks. Off-the-shelf in any sizes you need. Send for bulletin.

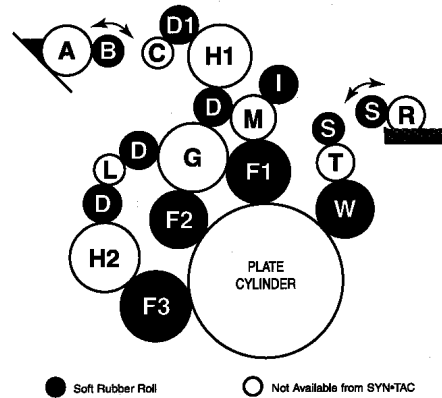

**OILY WASTE CANS**

- Approved and individually labeled and numbered. Underwriters laboratory, Inc. Essential wherever waste, solvent cloths and wiping rags are used. Protects flammable materials from fire-making sparks. Smoker carelessness, and from spontaneous combustion. Foot lever lifts cover.

Capacity	Cat. #	Price
6-Gallon	JO-9100	\$ 47.20
10-Gallon	JO-9300	54.20
14-Gallon	JO-9500	62.30
21-Gallon	JO-9700	102.70

RYOBI MODEL 3302 — ITEK MODEL 3985 — A.B. DICK 9985

**EACH ROLL IS DESIGNED AND MANUFACTURED TO DO A SPECIFIC JOB.**

Just as rolls differ in size, they also differ in rubber formula, hardness and face-to-core thickness.

**SYN-TAC** rolls are individually designed and manufactured to perform the way the press manufacturer intended.

**THE QUALITY IS BUILT-IN!**

Only the finest rubber formula is compounded for every **SYN-TAC** roll. Bonded to a new steel core or shaft, it is ground to precise tolerances with a velvet finish to ensure proper transfer of the ink film.

FOR YOUR CONVENIENCE WE STOCK ROLLERS FOR MOST OF THESE POPULAR OFFSET PRESSES, AND ARE READY FOR IMMEDIATE SHIPMENT.

## ONE-PART FOUNTAIN SOLUTIONS

### EMERALD® PREMIUM MX SERIES

This line of one-step fountain solutions has truly become the standard of the industry!

- Fast start-ups
- Reduced ink feedback
- Wide latitude
- Excellent print reproduction
- Sharp half-tones

### EMERALD® PREMIUM MX3Z

Specially formulated to run on high-speed web presses with aqueous or solvent plates. No blinding problems here. Effective on both continuous and brush presses. Also contains a strong buffering system, phosphate-free.

Cat. #	Description	Unit	Price
A-NE-2837	Emerald premium MX3Z	Gal. 4+	\$28.20 26.23

### EMERALD® PREMIUM MXEH

Effectively reduces feedback on even the toughest continuous damping systems on high-speed web presses.

Cat. #	Description	Unit	Price
A-NE-2912	Emerald premium MXEH	Gal. 4+	\$28.20 26.23

### EMERALD® PREMIUM WCMX

Designed for use in the soft and medium water conditions on brush and continuous dampening systems, contains phosphates.

Cat. #	Description	Unit	Price
A-NE-2840	Emerald premium WCMX	Gal. 4+	\$28.20 26.23

## GRAPH-TEK

### UNIV. FOUNTAIN SOLUTION

■ An alcohol/glycerine fountain solution especially formulated to perform with silver, paper, plastic and metal plates. Color changes from red to yellow when the pH in the fountain reaches 5.8. Highly buffered to resist hydroxides that enter fountain causing the pH to rise.

Cat. #	Unit	Price
A-TG-U	Gal. 4+	\$23.40 21.75

## TWO-PART FOUNTAIN SOLUTIONS

### EMERALD® JR SERIES

Each EMERALD® JR SERIES fountain solution contains built-in ink drying stimulators that will decrease both setting and drying time of even the toughest inks. EMERALD® JR will also keep open the most difficult reverses on sheetfed presses. Used with ARS-F or ARS-JP, EMERALD® JR effectively eliminates alcohol.

There is an EMERALD® JR available for every water type. Further, the EMERALD® JRZ is designed for use with the aqueous plates to help eliminate blinding problems.

Cat. #	Description	Unit	Price
A-NE-2637	Emerald JR-Soft Water	Gal. 4+	\$23.30 21.67
A-NE-2716	Emerald JRM-Medium Water	Gal. 4+	23.30 21.67
A-NE-2709	Emerald JRH-Hard Water	Gal. 4+	23.30 21.67
A-NE-2965	Emerald JRSP-Soft Water (Extra Desensitizing)	Gal. 4+	23.30 21.67
A-NE-2977	Emerald JRMP-Medium Water (Extra Desensitizing)	Gal. 4+	23.30 21.67

### EMERALD® ADASERIES

The EMERALD® ADASERIES is predominantly a sheetfed fountain solution, which will eliminate alcohol when used with ARS-F or ARS-JP. The EMERALD® ADA formulations contain strong buffer systems for use in hard-water conditions or with alkaline paper.

Cat. #	Description	Unit	Price
A-NE-2959	Emerald ADAS Deionized to Soft Water	Gal. 4+	23.30 21.67
A-NE-2920	Emerald ADA- Medium to Hard Water	Gal. 4+	23.30 21.67

## GRAPH-TEK

### OFFSET ETCH-BLUE

■ A special chemical formulation designed to supply sufficient moisture to master surfaces during the initial wet-out thereby permitting the master surface to resist ink in the non-image area. Recommended for use with A.B. Dick® 369 and 1600/1700 Systems and for etching Direct Image Masters. Color; Blue. Comparable to A.B. Dick® 4-1015. Excellent chrome cylinder pickling agent.

Cat. #	Unit	Price
A-TF-P	Gal. 4+	\$21.00 19.50

EMERALD®

DAMPENING FOUNTAIN SOLUTIONS

EMERALD® Q SERIES

The EMERALD® PREMIUM Q Series is designed for fast start-ups on high-speed web and sheet fed presses. There are one-step formulas for brush and continuous dampening systems.

CONTINUOUS DAMPENING

EMERALD® PREMIUM DAQ

Contains no added phosphate-perfect for catalytic emission systems. It also eliminates blinding associated with aqueous plates.

Cat. #	Description	Unit	Price
A-NE-2879	Emerald premium DAQ	Gal. 4+	\$28.20 26.23

EMERALD® PREMIUM PAQ

A highly buffered fountain solution to combat the pH drift associated with running alkaline papers and hard-water conditions.

Cat. #	Description	Unit	Price
A-NE-2941	Emerald premium PAQ	Gal. 4+	\$28.20 26.23

BRUSH DAMPENING

EMERALD® BRQ

Formulated to eliminate blinding often associated with aqueous plates. The EMERALD® BRQ provides a strong buffering system to provide maximum defense against paper and ink contamination and combat hard-water conditions.

Cat. #	Description	Unit	Price
A-NE-2961	Emerald BRQ	Gal. 4+	\$23.30 21.67

FOUNTAIN SOLUTION ADDITIVE

FOAM ELIMINATOR

BE-DONE

Be-Done is designed to suppress and eliminate any foam generated in recirculating and dampening systems. It is also useful in eliminating foam when it occurs in the finisher tank of automatic plate processors. BE-DONE is safe, non-flammable, white in color, with a mild odor, and is nondamaging to equipment and other materials. It blends easily with all liquids.

Cat. #	Description	Unit	Price
A-NF-7023	BE-DONE	Qt. 12+	\$12.32 11.45

EMERALD®

ALCOHOL SUBSTITUTES

ARS-F

ARS-F has proven to be effective at eliminating alcohol on presses equipped with continuous dampening systems. This all-purpose alcohol substitute works well with any of our one or two step fountain solutions.

Also Available: ARS-JP

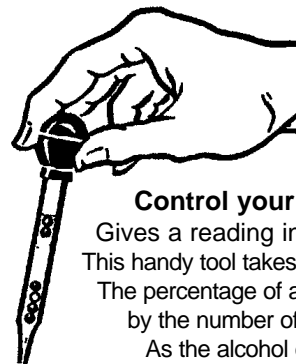

Cat. #	Description	Unit	Price
A-NA-2628	ARS-F Alcohol Substitute	Gal. 4+	30.05 27.95
A-NA-2873	ARS-JP- Alcohol Substitute	Gal. 4+	30.05 27.95

ARS-X

NON-VOC ALCOHOL SUBSTITUTE

ARS-X has proven to be effective at eliminating alcohol on presses equipped with continuous dampening systems. This substitute contains no VOC and, when used in conjunction with Emerald ADAseries fountain solutions, provides a non-VOC alcohol replacement package.

Cat. #	Description	Unit	Price
A-NA-2951	Alcohol Substitute	Gal. 4+	30.05 27.95

Alcohol Tester

Control your alcohol for better printing!

Gives a reading in seconds with no fuss or bother. This handy tool takes the guesswork out of alcohol control. The percentage of alcohol in the fountain is determined by the number of balls that float (as listed above). As the alcohol evaporates more balls will rise indicating the need for adding alcohol.

Full instructions included with each tester.

CAT# AL-BT	Range 0-28%	\$15.50
------------	-------------	---------

0.0 - 6.0  
pHydrion  
Test Strips

Use for testing the acidity of fountain solution. Essential for the clean, sharp reproduction resulting in high quality printing. 100 test strips per vial.

CAT# PH-TS	Range 0.0-6.0%	\$6.00
------------	----------------	--------

## ROLLER and BLANKET WASH

### WASH R-228®

■ WASH R-228® is a superior, water-miscible, one-step, ink glaze preventive roller and blanket cleaner and conditioner for use on all presses. It is a combination of fine ink solvents that penetrate deep into the rubber to get at the imbedded layers of dried ink, dirt, gum and lint. At the same time, its rubber rejuvenator, "Resilium," restores precious antioxidants and plasticizers that are constantly being leached out of rubber.

Cat. #	Unit	Price

### WASH R-228® ODERLESS

■ WASH R-228® ODERLESS is a version of our famous WASH R-228® containing no chlorinated solvent. The only difference between the regular version and the odorless is that WASH R-228® ODERLESS is a combustible mixture. The removal of chlorinated solvents provides easier disposal and fewer health concerns.

A-NW-7117	Gal.	\$17.60
	6+	16.37
A-NW-7117P	5/Gal	79.13

### QUICK WASH

■ QUICK WASH is a very fast drying roller and blanket wash. It is ideal for small duplicator presses for either hand wash-up or automatic wash-up attachments.

Quick multi-action formula - instantly breaks down and dissolves ink components and varnish. Gets rollers and blankets deep-down clean and leaves no oily residue.

## SIEBERT PRODUCTS

### PRESS WASH RB-9010H

■ A very quick-drying roller and blanket wash designed for smaller presses and offset duplicators, and for use on larger presses where a faster drying blanket wash is preferred. Its high solvent power makes ink removal quick and easy, and its drying speed keeps down-time to a minimum.

This product contains no **CHLORINATED SOLVENTS**.

## LUBRICANTS

### ANCHOR OILS 302 & 502

■ ANCHOR OIL302 and 502 are high-grade, virgin-base, clinging-type lubricating oils with greater load carrying capability than similar viscosity oils, as well as greater service life.

#### -----SPECIFICATIONS-----

	302	502
Viscosity-SUS@ 100°F (Saybolt Universal Seconds)	300-330 sec.	500-550 sec.
Viscosity-Engler 50°C	5.3	9.0
Flash Point	400°F	460°F
Pour Point	-10°F	-5°F

Copper Strip Test (ASTM).....Passed

Additives.....Rust, Foam and Oxidation Inhibitors.

ANCHOR OIL302 is in the SAE 20 classification and ANCHOR OIL502 is in the SAE 30/40 classification. They can be safely added to any other high-grade industrial lubricating oil without making the resulting mix unstable. However, the clinging ability of 302 and 502 would, of course, be diluted.

## FOUNTAIN SOLUTION PRODUCTS

### FOUNTAIN ADDITIVE

■ APA is effective at eliminating alcohol on presses equipped with continuous damping systems. This substitute, when used in conjunction with Accel's FC 1000 fountain solution, provides a low VOC alcohol replacement package.

Cat. #	Unit	Price
APA-FA	Gal.	\$32.50
	Case(4, 1gal)	118.00

### FOUNTAIN CONCENTRATE FOR METAL PLATES

■ FC 1000 Fountain Concentrate is a one-step alcohol replacement fountain solution specifically formulated to run on aqueous plates. It is designed to eliminate the blinding often associated with aqueous plate images. The strong buffer system incorporated in the formula allows it to be used in all but the hardest of water and is especially useful when running alkaline papers (due to its increased resistance to contamination). It has proven to be very successful on continuous dampeners such as Crestline® because of its ability to resist feedback on the water rollers.

Cat. #	Unit	Price
FC1000	Gal.	\$32.50
	Case(4, 1gal)	118.00

### MULTI-PURPOSE FOUNTAIN CONCENTRATE

■ MP1000 Multi-Purpose Fountain Concentrate is an all purpose fountain concentrate for use with all plates (silver type, metal, electrostatic and laser), papers (coated, uncoated, etc.), and inks (petroleum base, soy, etc.). MP1000 is designed especially for continuous damping systems such as Crestline® and does NOT contain alcohol or VOC's.

Cat. #	Unit	Price
MP1000	Gal.	\$32.50
	Case(4, 1gal)	118.00

### MULTI-PURPOSE FOUNTAIN CONCENTRATE FOR SILVER EMULSION & METAL PLATES

■ MP2000 Multi-Purpose Fountain Concentrate is a one-step, universal product that does not require alcohol or, generally, alcohol substitutes. Formulated to run all silver-type and metal plates, MP2000 is designed especially for Accel's continuous damping Crestline® system. It is a buffered product that has an expected pH range of 4.0-4.5, and water hardness is not an issue with MP2000

Cat. #	Unit	Price
APA-FA	Gal.	\$32.50
	Case(4, 1gal)	118.00

### ROLLER DEGLAZING PASTE

■ Compound X Roller Deglazing Paste is a specially formulated, deep cleaning, roller deglazing paste that is excellent for use in both ink trains and continous feed dampeners like Crestline®. Glazed rollers give substandard performance, resulting in poor print quality. Compound X removes glaze from rollers and returns them to a "like new" condition for optimum press performance.
